

Sample Rate Sheet

I offer customized rates because every project is different. You don't want to pay for services you don't need, so there's no one-size-fits-all price when it comes to writing and editing.

You need personalized attention to the details of your project.

However, maybe you're hesitant to start a conversation without having a ballpark figure.

I understand that. So, here are some **sample rates** that I've charged [my happy clients](#) in the past for similar projects. Your needs may be different, so rates might vary. But these figures will give you an idea of what to expect.
